Set forth below is Pac Rim Bridges, LLC's response and Jay Rodne's response to the alleged violations (PDC No. 50329):

Pac Rim Bridges, LLC does no "lobbying" work in Washington State as that term is defined pursuant to RCW 42.17A.005(33). Jay Rodne does not perform any "lobbying" work in Washington State for Pac Rim Bridges or any entity, he does not receive any compensation as a result thereof, and he is not a "lobbyist" as that term is defined under RCW 42.17A.005(34).

Because Pac Rim Bridges and Jay Rodne do no "lobbying" work in the state of Washington as that term is defined under Washington law (see RCW 42.17A.005(33)-(35)), there is no requirement for either Jay Rodne or Pac Rim Bridges to file as lobbyists in Washington State under RCW 42.17A.600 or RCW 42.17A.615. For these reasons, the Complaint filed by Mr. Andrew Saturn is frivolous, without merit and should be dismissed with prejudice.

Kind regards,
Jay R. Rodne
