

File a Formal Complaint - Nick Minkin

Nminkin reported (Mon, 15 Apr 2019)

There is nothing that says who this campaign is paid for by on her website. a clear violation of the law.

What impact does the alleged violation(s) have on the public?

I just have no Idea who is paying for this person's campaign. There is no section of her website at the bottom that has a campaign name.

<https://ginnyforshoreline.org/>

This is her website I will attach a file with screenshots for your convenience. notice the absence of a paid for by.

Listening to Shoreline

Residents

"As a City Council member I will listen to YOU before the Council affects a neighborhood"

Quality of Life

"It's very important to me to keep our neighborhoods & parks safe & clean for Shoreline families" - Ginny

Separation of Car & Bike

"We need to pursue policy that will not result in cyclists exposed to dangerous roadways"

Latest News

You will find the latest information about us on this page. Our campaign is constantly evolving and growing. Contact us about volunteering today! Our mission is to support policies that empower Shoreline families & local business.

Over the past 6 years, I've spent hundreds of hours organizing Shoreline residents to get involved in the city process. We've gathered over 1800 signatures for the plastic bag ban, the right to vote on ownership of Ronald Wastewater District & the Richmond Beach Road Diet.

We spoke at City Council meetings and sent letters to the council. It had no effect.

It seems Shoreline City Council members & their staff only allow us to talk to them after they have already made up their minds.

As a City Council member, I will always listen, always fight for you & seek solutions that are in YOUR best interest.
