

Complaint Description

Niko Battle reported via the portal Tues., 28 May 2019 at 4:22PM

Diana White is fully engaging in campaign activities, which have included hosting a kickoff (April 30), and distributing printed materials including buttons and rally signs. She also has a professional website live, which at the very least requires payment for a domain. This is despite the fact her PDC shows zero campaign contributions have been filed, and no expenditure reports have been filed as well.

What impact does the alleged violation(s) have on the public?

The C-1 for this campaign was filed on March 1, indicating that potentially two months of campaign expenses have not been accurately reported and made available to the public. This is a direct violation of Chapter 42.17A RCW, and leaves the public in the dark on where Diana White's money is coming from, and how that money is being used.
