**Rocky
Samson**

**SPOKANE VALLEY
CITY COUNCIL**

POSITION 2

My opponent Brandi Peetz claims to be a Republican; the truth is she is more a Socialist than anything. She has stated she will not run under the Republican label so she can distance herself from the Republican-dominated Spokane Valley council.

I, however, am proud to be a true Republican and will openly and wholeheartedly run as such.

She is on record stating she has a full-time job, so she doesn't have time for anything council related in her free time.

I, on the other hand, promise to always make time for my fellow council members and meetings. I will go over all the documents provided to me and listen to both sides.

Brandi Peetz, along with her father used government computers illegally to harass her opponent 2 years ago. Do you really want to continue to have a bully who will use any means she can to harass and slander someone to continue to represent the city of Spokane Valley?

I promise to not use my place in office or expect others to sacrifice their career or anything else in order for me to advance or for my own personal gain. I will not harass or bully anyone, just simply state facts.
