Public Disclosure Commission Staff,

Unfortunately, I write for the third time in less than a year to bring to your attention continued illegal political deductions from the wages of certain employees of Apollo Mechanical Contractors (“Apollo”)¹ represented by the United Association of Plumbers and Pipefitters Local 598 (“UA 598”).

In short, Apollo is violating RCW 42.17A.495 and WAC 390-17-100 by deducting political contributions from employees’ wages for the political action committee (“PAC”) operated by UA 598 without first receiving proper authorization.

Even though the Public Disclosure Commission (“PDC”) issued a warning letter to Apollo on February 14, 2019, informing the firm that none of the existing employee authorizations were valid, Apollo continues to divert employee wages to the PAC without legal authorization.

From March-May 2019, Apollo withheld at least \$32,545.73 from hundreds of its employees’ wages for UA 598’s PAC. However, Apollo was unable to produce *any* PAC deduction authorization forms for all but three of its employees. All other deductions were made in violation of RCW 42.17A.495(3) and WAC 390-17-100. Moreover, even the three signed authorizations did not fully comply with the law, as they artificially restricted employees’ ability to choose how much to contribute to the PAC.

Background

1. The First Complaint

UA 598 maintains and operates a political committee, as defined by RCW 42.17A.005(40), called the Plumbers & Steamfitters Local 598 PAC. *See Appendix page 2*, the PAC’s most recent form C1PC. The PAC is funded by contributions taken via payroll deduction from the wages of UA 598 members. Since 2014, over \$1.6 million has been withheld from employees’ wages and contributed to the PAC.

2016	\$296,377.64
2017	\$263,422.60
2018	\$281,129.98
2019	\$269,951.50

Although it is not the employer, UA 598 develops the terms of “dispatch forms” that employers, including Apollo, use. The employees UA 598 represents must sign these “dispatch forms” before being assigned to work a particular job for a particular contractor.² The dispatch forms include authorization for the employer to deduct both union dues and PAC contributions.

UA 598 has utilized at least three versions of its dispatch forms during the five-year statute of limitations established by RCW 42.17A.770.

The terms of the **first version** of the dispatch form in use prior to October 2018 provided:

“I authorize the Employer to withhold and to pay working dues on my behalf at the current rate of 3%, IAP at 2.25%, and PAC at 0.7% of my gross pay to Local Union 598. This authorization shall be valid for the period of one year or the balance of the term of the current agreement, whichever is sooner, and shall automatically renew itself for successive one-year periods. This authorization is subject to cancellation by written notice to the Employer and Local 598 given within the 60-day period preceding an automatic renewal date.”

From October 2018 through March 2019, UA 598 used a **second version** of its dispatch form that provided:

“I authorize the Employer to withhold and to pay working dues on my behalf at the current rate of 3% and IAP at 2.25% of gross pay to Local Union 598. So that the common interests of Local 598 members to secure jobs, fair wages, and safe working conditions can be heard by state and federal candidates for office, I voluntarily authorize and direct the above-named employer and any signatory to the Collective Bargaining Agreement for whom I work to deduct the suggested 0.70% (0.0070) as ratified by the Local 598 Membership, each week from my pay for transfer to the Local 598 Political Action Committee, where funds will be used for federal or state races as deemed

² The Public Disclosure Commission’s notice of resolution in Case No. 43676 found that, “[t]he withholding authorization accepted by the employer/contractors was developed by the union (United Association of Plumbers and Pipefitters Local 598), even though the employer/contractors have been and continue to be responsible when there are deficiencies in the authorization...” See **App. 3-9**, the PDC’s combined case closure letter.

necessary by PAC leadership. I understand that I have a right to refuse to so contribute without any reprisal. Furthermore, I recognize that the contribution guideline is just that, and that I may contribute any amount or not at all to the Political Action Committee – although only the suggested amount is supported by the paycheck deduction process. Contributing an alternative amount will require contacting the Local’s staff. Furthermore, I understand that to comply with the Federal law, the PAC must use its best efforts to obtain, maintain, and submit the name, mailing address, occupation and name of employer of individuals whose contributions exceed \$200 per calendar year. I understand that my contribution is not tax-deductible. This authorization shall be valid for the period of one year or the balance of the term of the current agreement, whichever is sooner, and shall automatically renew itself for successive one-year periods. This authorization is subject to cancellation by written notice to the Employer and Local 598 given within the 60-day period preceding an automatic renewal date.”

Around March 2019, UA 598 developed a **third version** of its dispatch form providing:

“So that the common interest of Local 598 members to secure jobs, fair wages, and safe working conditions can be heard by state and federal candidates for office, I voluntarily authorize and direct the above-named employer and any signatory to the Collective Bargaining Agreement for whom I work to deduct the suggested 0.70% (0.0070) as ratified by the Local 598 Membership, each week from my pay for transfer to the Local 598 Political Action Committee, where funds will be used for federal and state races as deemed necessary by PAC leadership. I understand that I have a right to refuse to so contribute without reprisal. Furthermore, I recognize that the contribution guideline is just that, and that I may contribute any amount or not at all to the Political Action Committee – although only the suggested amount is supported by the paycheck deduction process. Contributing an alternative amount will require contacting the Local’s staff. Note: No employer or labor organization may discriminate against an officer or employee in the terms or conditions of employment for (i) the failure to contribute to, (ii) the failure in any way to support or oppose, or (iii) in any way supporting or opposing a candidate, ballot proposition, political party, or political committee. Furthermore, I understand that to comply with the Federal law, the PAC must use its best efforts to obtain, maintain, and submit the name, mailing address, occupation and name of employer of individuals whose contributions exceed \$200 per calendar year. I understand that my contribution is not tax-deductible. I understand that I may revoke my authorization at any time in writing.”

On November 19, 2018, the Freedom Foundation filed a complaint with the PDC against UA 598, its PAC and the 35 employers that had deducted PAC contributions from the wages of UA 598-represented employees in October 2018, including Apollo. The PDC assigned a unique case number to each of the 37 respondents.³

The complaint alleged, among other things, that the first and second versions of UA 598’s

³ PDC case numbers: 43672, 43673, 43675, **43676** (Apollo), 43677, 43678, 43679, 43680, 43681, 43682, 43683, 43684, 43685, 43686, 43687, 43688, 43689, 43690, 43691, 43692, 43693, 43694, 43695, 43696, 43697, 43698, 43699, 43700, 43701, 43702, 43703, 43704, 43705, 43706, 43707, 43708, and 43709.

dispatch forms in use at the time did not comply with RCW 42.17A.495(3), which provides:

“No employer or other person or entity responsible for the disbursement of funds in payment of wages or salaries may withhold or divert a portion of an employee's wages or salaries for contributions to political committees or for use as political contributions except upon the written request of the employee. The request must be made on a form prescribed by the commission informing the employee of the prohibition against employer and labor organization discrimination described in subsection (2) of this section. The employee may revoke the request at any time. At least annually, the employee shall be notified about the right to revoke the request.”

Similarly, the complaint alleged the forms were out of compliance with WAC 390-17-100, which states:

“(1) Each employer or other person who withholds or otherwise diverts a portion of wages or salary of a Washington resident or a nonresident whose primary place of work is in the state of Washington shall have on file the individual's written authorization before withholding or diverting the individual's wages or salary for:

- (a) The purpose of making one or more contributions to any political committee required to report pursuant to RCW 42.17A.205, 42.17A.215, 42.17A.225, 42.17A.235 or 42.17A.240; or
- (b) Use, specifically designated by the contributing employee, for political contributions to candidates for state or local office.

(2) Forms used for payroll deduction may either conform to the suggested format below or be in a different format including an electronic format if it provides the following information:

- (a) The name of the individual authorizing the withholding or diversion;
- (b) The name of the individual's employer;
- (c) The name of each political committee or candidate for which contributions are to be withheld;
- (d) If more than one political committee or candidate is specified, the total dollar amount per pay period (or per week, month or year) to be withheld for each committee or candidate;
- (e) A statement specifying that the authorization may be revoked at any time and such revocation shall be in writing;
- (f) A statement that reads: ‘No employer or labor organization may discriminate against an officer or employee in the terms or conditions of employment for (i) the failure to contribute to, (ii) the failure in any way to support or oppose, or (iii) in any way supporting or opposing a candidate, ballot proposition, political party, or political committee’; or a statement that informs the employee of the prohibition against employer and labor organization discrimination described in RCW 42.17A.495;
- (g) The individual's signature or other reliable and secure verification that the individual is authorizing the withholding or diversion; and
- (h) The date on which the form was completed.”

In its notice of resolution issued February 14, 2019, the PDC found that, “the current

authorization form being accepted by the 35 employer/contractors [first version above] does not conform to the requirements in RCW 42.17A.495 and WAC 390-17-100.”

In a warning letter, the PDC,

“...reminded the employer/contractor respondents that they need to understand and comply with their responsibility to: (1) receive a proper authorization before withholding wages or salaries for a PAC contribution...” (Emphasis added)

Finally, the warning letter concluded that,

“...the current revised authorization [second version above] that includes a statement that the authorization is subject to cancellation by written notice to the Employer and Local 598 given within the 60-day period preceding an automatic renewal date is not acceptable, and [] the ‘Political Contribution Withholding Authorization’ form must inform the employee that their request may be revoked at any time.” (Emphasis added)

See App. 3-9.

2. The Second Complaint

Nonetheless, in January 2019, the PAC reported receiving \$39,916.45 from about 600 individuals. In February, the PAC received \$39,571.99 in contributions from about 650 individuals. In March, the first full month after the PDC issued its warning letter, the PAC reported receiving \$49,593.69 in contributions from about 730 individuals. And in April 2019, UA 598’s PAC disclosed receiving \$43,098.41 in contributions from about 780 individuals. *See App. 10-411*, the PAC’s forms C3 filed in 2019.

In other words, the PDC’s invalidation of UA 598’s PAC deduction authorization forms had no discernable effect on the PAC’s contribution rate, which is curious to say the least.

Accordingly, the Freedom Foundation requested that UA 598 provide it an opportunity to inspect the “deduction authorization/‘dispatch form’ for every person listed on the form C3 filed by UA 598’s political committee on April 5, 2019 with the Public Disclosure Commission,” in accordance with RCW 42.17A.495(4). The Foundation was permitted to inspect records at the union’s headquarters in Pasco on May 8, 2019.

The Freedom Foundation’s inspection revealed the union possessed only 13 legally valid dispatch forms and continued to receive contributions to its PAC from hundreds of employees on the basis of invalid authorizations.

Consequently, in a second complaint filed with the PDC on May 21, 2019, the Freedom Foundation alleged that 19 employers, including Apollo, had violated RCW 42.17A.495 and WAC 390-17-100 by deducting contributions to UA 598’s PAC from employees’ wages without

proper authorization. The PDC assigned a unique case number to 18 of the 19 respondents.⁴

On June 3, 2019, the PDC purported to dismiss the cases under RCW 42.17A.755(1). In a case closure letter to Apollo, the PDC noted:

- “The PDC’s action was taken because Freedom Foundation did not submit evidence of violations based on direct contact with individual employers/contractors.”
- “The responsibility to use proper authorization forms and maintain the required records for public inspection is not a responsibility of the union or its political committee, and these responsibilities cannot be delegated to the union or political committee on behalf of the employers/contractors... [E]mployers/contractors remain responsible for direct compliance with the law and rules even if the union or its political committee provides records to a requester.”
- “PDC staff recommends you consult with your legal counsel to ensure you are fully compliant with RCW 42.17A.495, WAC 390-17-100, and WAC 390-17-110. The PDC’s action does not preclude Freedom Foundation from contacting individual employers/contractors and refiling a complaint based on evidence obtained from individual employers/contractors.”

See **App. 412-417**, the PDC’s dismissal letter.

3. The Present Complaint

On June 6, 2019, the Freedom Foundation sent a letter to Apollo via email and USPS certified mail requesting an opportunity to inspect, in accordance with RCW 42.17A.495(4), the authorization forms of those Apollo employees listed as contributors to UA 598’s PAC in March, April and/or May 2019 on the PAC’s C3 forms. The letter requested to be provided such an opportunity on or prior to June 28, 2019. See **App. 418-426**, the Freedom Foundation’s letter to Apollo.

On June 27, 2019, Apollo payroll clerk Autumn Chamberlin emailed the Freedom Foundation two PDF files containing 190 pages of documents, copying Apollo employee Sharon Houser. See **App. 427-432**, the emails exchanged between Ms. Chamberlin, Ms. Houser and Maxford Nelsen.

The Freedom Foundation’s review of the documents found that most were signed statements by various Apollo employees acknowledging they had been provided with an annual notice of their right to cease contributing to UA 598’s PAC via payroll deduction. Such notices are required by RCW 42.17A.495(3) and by WAC 390-17-110. The documents also contained several written requests by employees to cancel PAC deductions from their wages.

However, *only three dispatch forms were provided authorizing the PAC deductions in the first place*. All were signed, version three forms. See **App. 433-438**, a summary of the dispatch forms provided by Apollo, and **App. 439-628**, the documents provided by Apollo.

⁴ PDC case numbers: 51802, **51803** (Apollo), 51804, 51805, 51806, 51807, 51808, 51809, 51810, 51811, 51812, 51813, 51814, 51815, 51816, 51817, 51818, and 51819. No case number was assigned regarding the allegations against Critical Path Resources.

On June 28, 2019, after reviewing the documents, I emailed Ms. Chamberlin and Ms. Houser to confirm that Apollo had no other dispatch forms in its possession authorizing the March-May PAC deductions. Ms. Houser replied that the three dispatch forms provided were the only ones in Apollo's possession. *See App. 429.*

Allegations

1. Deduction of PAC contributions from employees' wages without legal authorization.

Despite receiving a warning letter from the PDC on February 14, 2019 and receiving a *second* letter from the PDC on June 3, 2019 encouraging it to "consult with your legal counsel to ensure you are fully compliant with RCW 42.17A.495," Apollo has continued to deduct political contributions to UA 598's PAC from hundreds of its employees without first obtaining authorizations that comply with RCW 42.17A.495(3) and WAC 390-17-100. In March-May 2019 alone, it deducted at least \$32,545.73 in contributions to the union's PAC from employee wages without any authorization.

2. The version three dispatch forms generated by UA 598 and utilized by Apollo do not permit employees to choose the amount of their contribution(s).

UA 598's version three dispatch forms in use by Apollo also violate WAC 390-17-100 by failing to permit the employee to designate the amount of the contribution to be withheld from their wages. Instead, the dispatch forms require employees to agree to have 0.7 percent of their wages deducted for PAC contributions. However, the template form set forth in WAC 390-17-100 permits the employee to designate the specific dollar amount he or she wishes to contribute.

Enforcement Options

RCW 42.17A.755(1) provides that, when presented with a citizen complaint, the PDC "must" either: (1) dismiss it or otherwise resolve it as a remedial or technical violation; (2) initiate an investigation, conduct hearings and take enforcement action; or, (3) refer the complaint to the attorney general.

1. The PDC should not dismiss the complaint as the allegations are not "obviously unfounded or frivolous."

WAC 390-37-005(2)(a) and WAC 390-37-060 provide the PDC may dismiss a complaint if it is "obviously unfounded or frivolous, or outside of the PDC's jurisdiction."

There should be no disputing the PDC's jurisdiction over the present complaint against Apollo, as a matter of law. Similarly, there should be no disputing the supporting documentation, given that it came directly from UA 598 and Apollo. By withholding political contributions from employees' wages without any legal authorization, Apollo's actions directly and obviously contradict RCW 42.17A.495. The complaint is not "obviously unfounded or frivolous."

2. The allegations against Apollo involve “actual violations,” not “remedial violations” or “requests for technical correction.”

RCW 42.17A.005(2) defines an “actual violation” as one “that is not a remedial violation or technical correction.” Thus, violations are considered “actual violations” by default unless they meet the criteria to be considered lesser “remedial” or “technical” violations. Since Apollo’s deduction of PAC contributions from its employees’ wages without legal authorization involves neither “remedial violations” nor “technical corrections,” it involves, by definition, “actual violations.”

a. Apollo’s violations were not “remedial.”

As defined by RCW 42.17A.005(45), a “remedial violation” is one that meets *all* the following criteria:

- “(a) Involved expenditures totaling no more than the contribution limits set out under RCW 42.17A.405(2) per election, or one thousand dollars if there is no statutory limit;
- (b) Occurred:
 - (i) More than thirty days before an election, where the commission entered into an agreement to resolve the matter; or
 - (ii) At any time where the violation did not constitute a material violation because it was inadvertent and minor or otherwise has been cured and, after consideration of all the circumstances, further proceedings would not serve the purposes of this chapter;
- (c) Does not materially affect the public interest, beyond the harm to the policy of this chapter inherent in any violation; and
- (d) Involved:
 - (i) A person who:
 - (A) Took corrective action within five business days after the commission first notified the person of noncompliance, or where the commission did not provide notice and filed a required report within twenty-one days after the report was due to be filed; and
 - (B) Substantially met the filing deadline for all other required reports within the immediately preceding twelve-month period; or
 - (ii) A candidate who:
 - (A) Lost the election in question; and
 - (B) Did not receive contributions over one hundred times the contribution limit in aggregate per election during the campaign in question.”

Apollo’s violations did not involve making or disclosing political expenditures, so prong (a) above is inapplicable.

Apollo’s ongoing deduction of political contributions from employees’ wages without legal authorization has occurred for several years, including during periods within 30 days of an election. Further, Apollo’s actions directly contradict an FCPA statute.

They result from Apollo's standard practice and procedure. They are not "inadvertent" and, far from being "cured," have continued unabated despite multiple warnings from the PDC. Prong (b) is not satisfied.

The illegal deduction of \$32,545.73 from employees' wages by Apollo in March-May 2019 alone not only harms the affected employees, but also materially harms the public by allowing UA 598's PAC to influence Washington elections using illegally-seized funds. Thus, prong (c) is not satisfied.

Lastly, Apollo has not ceased the illegal deductions despite receiving two formal notices from the PDC in 2019 about complying with RCW 42.17A.495, so prong (d)(i) is not satisfied. And because Apollo is not a candidate, prong (d)(ii) is inapplicable.

In short, Apollo's violations meet none of the criteria necessary to be considered "remedial."

b. Apollo's violations did not involve "requests for technical corrections."

RCW 42.17A.005(51) defines "technical correction" as:

"...a minor or ministerial error in a required report that does not materially impact the public interest and needs to be corrected for the report to be in full compliance with the requirements of this chapter."

Apollo's violations do not fall under this definition, because the statute at issue, RCW 42.17A.495, does not pertain to disclosure of contributions or expenditures or require that Apollo file any reports with the PDC. Consequently, the definition of "technical correction" simply does not include Apollo's violations of the employee-authorization provisions of that statute.

3. The PDC cannot resolve the present complaint against Apollo with another written warning as involving "minor violations."

WAC 390-37-060(1)(d) purports to authorize the PDC to "resolve any complaint that alleges minor violations of chapter 42.17A by issuing a formal written warning."

WAC 390-37-061 provides:

"(2) A minor violation is an actual violation that occurs:

- (a) When required information is not timely disclosed, but the public is not deprived of critical information; or
- (b) When incomplete information is disclosed, but a good faith effort to comply with disclosure is made, and the public is not deprived of critical information.
- (c) When any other violation of chapter 42.17A RCW has occurred that does not materially affect the public interest."

a. WAC 390-37-060(1)(d) and WAC 390-37-061 conflict with and are preempted by RCW 42.17A.755 and RCW 42.17A.001(1).

While the PDC has been granted authority to engage in rulemaking, any rules it adopts must “carry out the policies and purposes” of the FCPA,⁵ and otherwise be consistent with its textual commands.

As such, regulations governing “minor violations” may arguably have been valid at the time they were first adopted by the PDC in 2016, but passage of HB 2938 in 2018 rendered them a dead letter, as violative of the new statute.

Specifically, RCW 42.17A.755(1) now requires the PDC to take one of several actions after a complaint has been submitted. It “must” either: (1) dismiss the complaint; (2) resolve it as a remedial violation or request for technical correction; (3) initiate an investigation, conduct hearings and issue an enforce an appropriate order; or (4) refer the complaint to the Attorney General.

Neither RCW 42.17A.755 nor any other statute permits the PDC to designate some “actual violations” as merely “minor” and resolve them with a warning letter.

Accordingly, WAC 390-37-060(1)(d) and WAC 390-37-061 conflict with RCW 42.17A.755, do not “carry out the policies and purposes” of the FCPA established by RCW 42.17A.001(1), and are of no legal effect.

b. Apollo’s violations were not “minor” for the purposes of WAC 390-37-061.

Even if the enforcement process for “minor violations” established by WAC 390-37-061 was valid and statutorily authorized, Apollo’s violations still would not qualify as “minor” for purposes of the regulation.

WAC 390-37-061(2)(a) and (2)(b) apply to the disclosure of required information to the PDC and are inapplicable to violations of RCW 42.17A.495, much like the definition of “technical corrections.”

Further, the illegal deduction of \$32,545.73 from employees’ wages by Apollo in March-May 2019 alone harms the affected employees and materially harms the public by allowing UA 598’s PAC to influence Washington elections using illegally-seized funds, so WAC 390-37-061(2)(c) is not satisfied.

Conclusion

Apollo continues to deduct contributions from hundreds of employees on the basis of legally invalid authorizations, even after being warned multiple times that the authorizations are invalid. In the space of merely three months, Apollo has illegally deducted at least \$32,545.73 from hundreds of its employees for political activity the employees may not support. Notably, the

⁵ RCW 42.17A.110(1).

warning letter explicitly stated that “[t]he Commission will consider this formal warning in deciding on further Commission action if there are future violations of PDC laws or rules.” *See App. 3.*

This situation is somewhat unique in that the violations of the FCPA committed by Apollo may largely result from the actions of UA 598. Nonetheless, as the PDC has already observed, Apollo may not pass-off its legal responsibility to comply with the FCPA to UA 598, and the law provides the employer must be held accountable for FCPA violations resulting from the union’s behavior and policies.

Further, the contributions to the PAC illegally deducted from employees’ wages have allowed UA 598 to significantly influence, though political contributions and expenditures, dozens of elections around the state.⁶ The extent of UA 598’s undue influence on these elections is difficult to neatly quantify, but the sheer number of elections and the amount of money involved make the issue one of substantial public concern.

Indeed, influencing Washington elections with money illegally collected from employees’ wages is a far more fundamental violation of the FCPA than more commonplace failures to properly disclose contributions and expenditures.

Given that these are “actual violations,” as defined by RCW 42.17A.005(2), and have continued to occur even after formal warnings from the PDC, we respectfully request that the PDC resolve this complaint through an investigation and enforcement action pursuant to RCW 42.17A.755(1)(b) or, alternatively, that it refer the matter to the Attorney General pursuant to RCW 42.17A.755(1)(c).

It is imperative that state authorities act decisively to put a stop to the ongoing illegal deductions from employees’ wages to deter such behavior in the future. Please do not hesitate to contact me if the Freedom Foundation can be of any further assistance in this matter.

Dear Apollo Mechanical Contractors (formerly Apollo Sheet Metal):

Below is a copy of an electronic letter sent to Maxford Nelsen (Freedom Foundation) concerning a complaint filed with the Public Disclosure Commission (PDC).

As noted in the letter to Maxford Nelsen (Freedom Foundation), the PDC has dismissed this matter in accordance with RCW 42.17A.755(1) and will not conduct a more formal investigation into these allegations or take further enforcement action in this matter.

However, pursuant to WAC 390-37-060(1)(b), this letter serves as a warning letter concerning your failure to fully comply with the requirements of RCW 42.17A.495, WAC 390-17-100, and WAC 390-17-110: (1) by failing to obtain a proper written request from employees before withholding wages or salaries for contributions to Plumbers & Steamfitters Local 598 PAC; and (2) by failing to provide an annual notification to employees who have requested payroll deductions for political contributions of their right to withdraw their request at any time, and of the prohibition against discrimination by their employer and their union if they withdraw their request to make political contributions through payroll deductions. Although not alleged in the complaint, please note that as an employer/contractor facilitating payroll deductions for political contributions, you are required to comply with the recordkeeping requirements detailed in RCW 42.17A.495(3) and WAC 390-17-100(4). Staff expects you to comply with the requirements referenced in this letter. The Commission will consider this formal written warning in deciding on further Commission action if there are future violations of PDC laws or rules.

Dear Mr. Nelsen:

The Public Disclosure Commission (PDC) has completed its review of the complaint you filed on November 19, 2018. Your complaint alleged that the 37 named respondents may have violated RCW 42.17A.495, WAC 390-17-100, and WAC 390-17-110: (1) by failing to obtain a proper written request from employees before withholding wages or salaries for contributions to Plumbers & Steamfitters Local 598 PAC; and (2) by failing to provide an annual notification to employees who have requested payroll deductions for political contributions of their right to withdraw their request at any time, and of the prohibition against discrimination for not contributing.

PDC staff reviewed your allegations; the applicable statutes and rules; the response received from Jim Barton on behalf of all respondents; and the response received from Meghan Chalk on behalf of Iron Mountain Management to determine whether the record supports a finding of one or more violations.

Based on staff's review, we found the following:

- Two of the 37 respondents named in your complaint are United Association of Plumbers and Pipefitters Local 598 (PDC Case 43672) and Plumbers & Steamfitters Local 598 PAC (PDC Case 43673). However, the statute and rules primarily apply to the employer/contractors who withhold wages or salaries as payroll deductions for political contributions. The statute and rules apply to the union by prohibiting the union from discriminating against a member who does not make political contributions.
- The remaining 35 respondents are employer/contractors whose employees make political contributions to the union's PAC through payroll deductions. The withholding authorization accepted by the employer/contractors was developed by the union (United Association of Plumbers and Pipefitters Local 598), even though the employer/contractors have been and continue to be responsible when there are deficiencies in the authorization, and when the annual notification is deficient or is not sent as required by statute and rule, informing the employee of their right to revoke their authorization at any time, and of the employee's protection against discrimination by both the union and the employer/contractor for not contributing to the union's PAC.
- Some of the employer/contractors demonstrated that they have a way for employees to revoke their written authorization. However, it appears that the current authorization

Page 3

form being accepted by the 35 employer/contractors does not conform to the requirements in RCW 42.17A.495 and WAC 390-17-100. It also appears that many of the employer/contractors have not been sending out the required annual notification to employees who have funds withheld for PAC contributions, as required by WAC 390-17-110.

- PDC staff has made it clear to the employer/contractors that in the future, they must: (1) receive proper “Political Contribution Withholding Authorization” forms before withholding wages or salaries for political contributions; (2) send out, or authorize the union to send out on its behalf, a proper annual notification to employees making PAC contributions through payroll deductions; and (3) maintain all required documents pertaining to political contribution withholding authorization forms, open for public inspection, for a period of three years after the last disbursement of wages or salaries, and maintain a copy of the annual notification and a listing of employees notified for a period of no less than five years. Staff has made it clear that any revised authorization forms intended to correct the current deficiencies, must have the following characteristics:
 - The “Political Contribution Withholding Authorization” as it is described in WAC 390-17-100 should be a stand-alone form with its own signature. If the authorization is to be incorporated with additional information, it needs to have a separate section that clearly identifies it as a “Political Contribution Withholding Authorization.” The authorization must be an “opt-in” system where the employee affirmatively requests to have wages or salaries withheld for political contributions. This means the authorization may not require the employee to “opt-out” in order to avoid making a political contribution.
 - The authorization must either follow the suggested format provided in WAC 390-17-100, or include all of the required elements in WAC 390-17-100(2)(a) through (h), including a statement that the authorization may be revoked at any time, and a statement that informs the employee of the prohibition against employer and labor organization discrimination including each element described in RCW 42.17A.495.
- Staff informed the respondents that the current revised authorization (Exhibit D in Jim Barton’s January 4, 2019 letter) that includes a statement that the authorization is subject to cancellation by written notice to the Employer and Local 598 given within the 60-day period preceding an automatic renewal date is not acceptable, and that the “Political Contribution Withholding Authorization” form must inform the employee that their request may be revoked at any time.
- Staff informed the respondents that if the authorization form is different from the sample provided in WAC 390-17-100, it must include the language in WAC 390-17-100(2)(f) or an acceptable alternative statement. Staff stated that the current suggested language of, “I understand I have a right to refuse to so contribute without any reprisal” is not an adequate substitute statement. Staff informed the respondents that the authorization must state that the prohibition against discrimination for failing to contribute to the union’s PAC applies to both the employer/contractor and the union, and that the authorization must describe or reference the three discrimination prohibitions found in RCW 42.17A.495(2) and WAC 390-17-100(2)(f).

Re: Complaint Against United Association of Plumbers and Pipefitters Local 598, et al.

Page 4

- Concerning the respondent's proposed "Annual Authorization Notice" included as Exhibit F in Mr. Barton's January 4, 2019 response, staff suggested changing the name to reflect that it is an annual notification rather than an annual authorization, using a title like "Annual Notification Concerning Withholding Funds for 598 PAC" to be more reflective of the purpose of the document. Staff informed the respondents that the notification language proposed in Mr. Barton's January 4, 2019 response tells the recipient they may rescind their authorization by contacting the PAC in writing, but that WAC 390-17-110 states, "the written notification shall identify where the employee can submit the revocation, which shall be the name and address of the employer's contact, or the name and address of the person or entity responsible for the disbursement of funds in payment of wages or salaries." Staff also reminded the respondents of the "Written notification" distribution requirements in WAC 390-17-110(3) and the requirement in subsection (4) for the employer to maintain a copy of the annual notification and a listing of employees notified for a period of no less than five years.
- Staff reminded the employer/contractor respondents that they need to understand and comply with their responsibility to: (1) receive a proper authorization before withholding wages or salaries for a PAC contribution; (2) provide a proper annual notification to employees making political contributions through payroll deductions; and (3) maintain the required records related to the written authorizations and annual notifications.
- The respondents have stated that they will ensure that staff's suggested changes are incorporated into the written authorization form, and that they will ensure that a proper annual notification is sent to employees making PAC contributions through payroll deductions. United Association of Plumbers and Pipefitters Local 598 has stated that they will make staff's suggested changes to the written authorization form, and that they will send the annual notifications on behalf of the employer/contractors, and will provide a copy of the annual notifications they send, to the respective employers.

Based on these findings staff has determined that, in this instance, no evidence supports a finding of an actual violation warranting further investigation concerning the alleged failure of United Association of Plumbers and Pipefitters Local 598, PDC Case 43672, and Plumbers & Steamfitters Local 598 PAC, PDC Case 43673, to comply with RCW 42.17A.495, WAC 390-17-100, and WAC 390-17-110.

Based on these findings staff has determined that, in this instance, the failure of the 35 employer/contractor respondents to: (1) receive a proper authorization before withholding wages or salaries for a PAC contribution; and (2) provide a proper annual notification to employees making political contributions through payroll deductions does not amount to an actual violation warranting further investigation.

However, pursuant to WAC 390-37-060(1)(b), the 35 employer/contractor respondents will receive a formal written warning concerning: (1) their failure to obtain a proper written request from employees before withholding wages or salaries for contributions to Plumbers & Steamfitters Local 598 PAC; and (2) their failure to provide an annual notification to employees who have requested payroll deductions for political contributions of their right to withdraw their request at any time, and of the prohibition against discrimination by the employer and the union for not contributing. The formal written warning will include staff's expectation that the 35 employer/contractor respondents will fully comply with RCW 42.17A.495, WAC 390-17-100,

and WAC 390-17-110 in the future. The Commission will consider the formal written warning in deciding on further Commission action if there are future violations of PDC laws or rules.

Based on this information, the PDC finds that no further action is warranted and has dismissed this matter in accordance with RCW 42.17A.755(1). Thank you for bringing this matter to the Commission's attention,

Subject: Complaint filed by the Freedom Foundation, PDC Case 51803

Dear Apollo Mechanical Contractors:

Below is a copy of an electronic letter sent to Maxford Nelsen, Freedom Foundation, concerning a complaint filed with the Public Disclosure Commission (PDC).

As noted in the letter to Freedom Foundation, the PDC has dismissed this matter in accordance with RCW 42.17A.755(1) and will not conduct a more formal investigation into these allegations or take further enforcement action in this matter. Therefore, you are not required to submit a written response to the complaint by June 7, 2019, as previously requested. The PDC's action was taken because Freedom Foundation did not submit evidence of violations based on direct contact with individual employers/contractors.

As stated in the letter to Freedom Foundation, the requirement to have on file the written authorizations that comply with RCW 42.17A.495 and WAC 390-17-100, for individual employees, before withholding or diverting wages or salary for contributions to political committees or candidates for state or local office, and the requirements in RCW 42.17A.495 and WAC 390-17-100 to maintain the documents and books of account concerning the amounts withheld, applies to the, "*person or entity who withholds contributions.*"

The responsibility to use proper authorization forms and maintain the required records for public inspection is not a responsibility of the union or its political committee, and these responsibilities cannot be delegated to the union or political committee on behalf of the employers/contractors. While there is no prohibition on an employer sharing such records with the union and the union making them available upon request, there is no legal responsibility or obligation for the union to do so, and employers/contractors remain responsible for direct compliance with the law and rules even if the union or its political committee provides records to a requester.

In addition, RCW 42.17A.495(2) states, "... At least annually, an employee from whom wages or salary are withheld under subsection (3) of this section shall be notified of the provisions of this subsection." WAC 390-17-110 details the requirements for "Employee notification of withholding provisions."

PDC staff recommends you consult with your legal counsel to ensure you are fully compliant with RCW 42.17A.495, WAC 390-17-100, and WAC 390-17-110. The PDC's action does not preclude Freedom Foundation from contacting individual employers/contractors and refiling a complaint based on evidence obtained from individual employers/contractors. Thank you.

If you have questions, you may contact Fox Blackhorn at 1-360-753-1980 toll-free at 1-877-601-2828, or by email at pdc@pdc.wa.gov.

Dear Freedom Foundation:

The Public Disclosure Commission (PDC) has completed its review of the complaint you filed on May 20, 2019. The complaint alleged that the 19 named respondents may have violated RCW 42.17A.495 and WAC 390-17-100 for failure to maintain copies of payroll deduction authorizations for public inspection, deducting employee wages for contributions to political committees without first obtaining proper employee authorization forms, and for failure to allow employees to determine the amount of their wages to deduct for contributions to political committees on employee authorization forms.

PDC staff reviewed the allegations; the applicable statutes and rules; and a response provided by Wayne Gold Jr. on behalf of Doubl-Kold to determine whether the record supports a finding of one or more violations.

Based on staff's review, we found the following:

- RCW 42.17A.495(3) prohibits employers, *“or other person or entity responsible for the disbursement of funds in payment of wages or salaries,”* from withholding or diverting a portion employee wages or salaries for, *“contributions to political committees or for use as political contributions except upon the written request of the employee.”*
- RCW 42.17A.495(4) requires any person or entity who withholds contributions subject to the written request of the employee, to, *“maintain open for public inspection for a period of no less than three years, during normal business hours, documents and books of accounts that shall include a copy of each employee’s request, the amounts and dates funds were actually withheld, and the amounts and dates funds were transferred to a political committee.”*
- WAC 390-17-100(1) reiterates that each, *“employer or other person who withholds or otherwise diverts a portion of wages or salary of a Washington resident or a nonresident whose primary place of work is in the state of Washington shall have on file the individual’s written authorization before withholding or diverting the individual’s wages or salary”* for contributions to political committees or contributions to candidates for state or local office.
- WAC 390-17-100(4) reiterates that, “employers and other persons who withhold or divert wages or salaries must: (a) Maintain the completed forms, with the individual’s signature or verification, for as long as the withholding or diversion continues; (b) Keep the forms and other documents described in RCW 42.17A.495(4) open for public inspection for three years after the last disbursement of wages or salaries; and (c) Provide the forms and other documents described in RCW 42.17A.495(4) to the commission upon request.
- As noted in staff’s February 15, 2019, case closure letters to United Association of Plumbers and Pipefitters, Local 598 and Plumbers & Steamfitters Local 598, and in the warning letters to 35 employers/contractors, of which 16 are named in this complaint, *“[t]he statute and rules primarily apply to the employer/contractors who withhold wages or salaries as payroll deductions for political contributions. The statute and rules apply to the union by prohibiting the union from discriminating against a member who does not make political contributions.”*
- In those letters, PDC staff made a clear statement to the union, the union’s PAC, and the 35 employers/contractors which we will reiterate here for the 19 named respondents in this complaint, employers/contractors subject to RCW 42.17A.495, and WAC 390-17-100 must: *“(1) receive proper “Political Contribution Withholding Authorization” forms before withholding wages or salaries for political contributions; (2) send out, or authorize the union to send out on its behalf, a proper annual notification to employees making PAC contributions through payroll deductions; and (3) maintain all required documents pertaining to political contribution withholding authorization forms, open for public inspection, for a period of three years after the last disbursement of wages or salaries, and maintain a copy of the annual notification and a listing of employees notified for a period of no less than five years.”*
- In your complaint filed against the 19 named respondent employers/contractors, you indicated that you *“emailed James Barton, counsel for UA 598’s PAC, on April 11, 2019 and, in accordance with RCW 42.17A.495(4) requested to inspect the “deduction*

authorization/‘dispatch form’ for every person listed on the form C3 filed by UA 598’s political committee on April 5, 2019 with the Public Disclosure Commission.”

- The requirement to have on file the written authorizations that comply with RCW 42.17A.495 and WAC 390-17-100, for individual employees, before withholding or diverting wages or salary for contributions to political committees or candidates for state or local office, and the requirements in RCW 42.17A.495 and WAC 390-17-100 to maintain the documents and books of account concerning the amounts withheld, applies to the, *“person or entity who withholds contributions.”* The responsibility to use proper authorization forms and maintain the required records for public inspection is not a responsibility of the union or its political committee, and these responsibilities cannot be delegated to the union or political committee on behalf of the employers/contractors. While there is no prohibition on an employer sharing such records with the union and the union making them available upon request, there is no legal responsibility or obligation for the union to do so, and employers/contractors remain responsible for direct compliance with the law and rules even if the union or its political committee provides records to a requester.
- A response to your complaint was provided by Wayne Gohl Jr. on behalf of Doubl-Kold, which indicates that they, *“have complied as requested and were doing so before the original complaint was filed by Mr. Nelsen.... I do not know what records 598 keeps or how they are stored or organized. I only know what Doubl-Kold is doing. I would appreciate in the future if this continues that someone checks with us or our records before claims are made we are not complying with the RCWs and WACs.”*
- No evidence was provided in this complaint that was obtained from the 19 named employer/contractor respondents that they failed to maintain the required records in accordance with the provisions of RCW 42.17A.495(3) and WAC 390-17-100(1)-(3), or that they failed to permit public inspection as required by RCW 42.17A.495(4) and WAC 390-17-100(4).

Based on these findings staff has determined that, in this instance, no evidence supports a finding of a violation warranting further investigation. The PDC’s action was taken because Freedom Foundation did not submit evidence of violations obtained from individual employers/contractors.

Based on this information, the PDC finds that no further action is warranted and has dismissed this matter in accordance with RCW 42.17A.755(1). The PDC’s action does not preclude Freedom Foundation from contacting individual employers/contractors and refiling a complaint based on evidence obtained from individual employers/contractors.

Apollo Mechanical Contractors
1201 W. Columbia Drive
Kennewick, WA 99336

Dear Sir or Madam,

It is my understanding that certain employees of Apollo Mechanical Contractors are represented for the purposes of collective bargaining by the United Association of Plumbers and Pipefitters Local 598 (UA 598).

It is also my understanding that Apollo Mechanical Contractors withholds via payroll deduction 0.7 percent of the wages of certain UA 598-represented employees as contributions to UA 598's political committee.

As you are likely aware, such deductions are governed by state campaign finance laws and regulations, specifically RCW 42.17A.495 and WAC 390-17-100.

Among other things, RCW 42.17A.495 requires any "employer or other person or entity responsible for the disbursement of funds in payment of wages or salaries" that "withhold[s] or divert[s] a portion of an employee's wages or salaries for contributions to political committees" to,

"...maintain open for public inspection for a period of no less than three years, during normal business hours, documents and books of accounts that shall include a copy of each employee's request, the amounts and dates funds were actually withheld, and the amounts and dates funds were transferred to a political committee."

Accordingly, on or prior to June 28, 2019, I would like an opportunity to inspect the completed authorization forms of the employees listed on the attached sheet, all of whom UA 598 has reported contributed to its political committee in March, April and/or May 2019.

Preferably, I would appreciate receiving copies of the authorization forms electronically or via U.S. mail. Alternatively, I would like to be provided an opportunity to inspect the forms in person during business hours.

Please let me know how you wish to proceed. I look forward to your reply.

Sincerely,

Hi Autumn,

I've reviewed the documents you provided and identified three forms in the M-Z file entitled, "U.A. LOCAL 598 DISPATCH FORM" (see pages 55, 59, and 68). The forms contain a section labeled, "PAC Authorization."

Just to confirm: Are these the only such "dispatch forms" in Apollo's possession?

Thanks,

Maxford Nelsen

PAC Authorization

So that the common interest of Local 598 members to secure jobs, fair wages, and safe working conditions can be heard by state and federal candidates for office, I voluntarily authorize and direct the above-named employer and any signatory to the Collective Bargaining Agreement for whom I work to deduct the suggested 0.70% (0.0070) as ratified by the Local 598 Membership, each week from my pay for transfer to the Local 598 Political Action Committee, where funds will be used for federal or state races as deemed necessary by PAC leadership. I understand that I have a right to refuse to so contribute without any reprisal. Furthermore, I recognize that the contribution guideline is just that, and that I may contribute any amount or not at all to the Political Action Committee - although only the suggested amount is supported by the paycheck deduction process. Contributing an alternative amount will require contacting the Local's staff. Note: No employer or labor organization may discriminate against an officer or employee in the terms or conditions of employment for (i) the failure to contribute to, (ii) the failure in any way to support or oppose, or (iii) in any way supporting or opposing a candidate, ballot proposition, political party, or political committee. Furthermore, I understand that to comply with the Federal law, the PAC must use its best efforts to obtain, maintain, and submit the name, mailing address, occupation and name of employer of individuals whose contributions exceed \$200 per calendar year. I understand that my contribution is not tax-deductible. I understand that I may revoke my authorization at any time in writing.

ANNUAL NOTIFICATION CONCERNING WITHHOLDING FUNDS FOR 598 PAC

As required by the State of Washington administrative code, WAC 390-17-110 please be advised that neither UA Local 598, nor any signatory contractor, may or will discriminate against you in the terms or conditions of your employment for (1) failing to contribute to the PAC, (2) failing to support (or oppose) the PAC, or (3) in any way supporting or opposing a candidate, ballot measure, political party or political committee.

If you have voluntarily authorized PAC contributions, you may rescind that authorization at this, or any, time. Should you wish to discontinue this voluntary contribution to the PAC via payroll deduction, at any time, you may contact your employer or, UA Local 598 in writing at 1328 Rd 28, Pasco, WA 99301.

I acknowledge receipt of the above notice to ensure my local union and employer are in compliance with Washington State law:

As required by the State of Washington administrative code, WAC 390-17-110 please be advised that neither UA Local 598, nor any signatory contractor, may or will discriminate against you in the terms or conditions of your employment for (1) failing to contribute to the PAC, (2) failing to support (or oppose) the PAC, or (3) in any way supporting or opposing a candidate, ballot measure, political party or political committee.

If you have voluntarily authorized PAC contributions, you may rescind that authorization at this, or any, time. Should you wish to discontinue this voluntary contribution to the PAC via payroll deduction, at any time, you may contact your employer or, UA Local 598 in writing at 1328 Rd 28, Pasco, WA 99301.
