

File a Formal Complaint - Kevin Mendez

Kevin Mendez reported (12 Jul 2019)

Attached are two pictures of Elect Mason's literature without the campaign committee's address which goes against Campaign Disclosure and Contribution, RCW 42.17A.

Mason Thompson running for Bothell City Council, Position 2 has literature that includes "Paid for by Elect Mason" but not the campaign committee's address. This is needed based on RCW 42.17A Campaign Disclosure and Contribution to ensure political transparency.

have attached two pictures of the literature from Thompson's campaign committee that shows the lack of transparency and disclosure of their address.

"ElectMason1.jpg" has the example on the bottom left corner.

Hello! My name is Mason, and I'm running for City Council. I'm raising my young family here, where I have served on the Parks & Recreation Board and the Capital Facilities Planning Committee. I'm invested in Bothell with you and excited about our future. Please don't hesitate to reach out to share what you find important either via phone or email. A couple things that are important to me are:

**Finish downtown** and the Canyon Park master-plan as walkable, complete neighborhoods developed around our coming transit lines.

**Add recreation in our parks** - Bothell needs a dog park, hiking/mountain bike trails, and other amenities found in neighboring cities.
