Dear Mr. Ragins,

I am surprised by this email for reason that I thought I had completed the filing. Logging in I realize it was not filed. It was started but not "certified".

I will not be spending money on my campaign as I running unopposed but appreciate this being brought to my attention. The report has been filed.

Please advise if this satisfies the complaint and my humble apologies for not following through,as I respectfully believed it had been completed.

Kindest regards,

Jonee Dubos
