Dear Ms. Blacksmith,

Thank you for your email.

I did not register with the PDC within 2 weeks of declaring my candidacy. I am a first-time candidate for any public or private office and this was simply an oversight on my part. I did complete my registration on 7/26/19. I have not raised any funds from outside parties or from my own resources, nor have I spent any funds on my campaign. Going forward I have no intention to raise funds or spend funds on my campaign.

Please let me know if you have any questions or require any additional information from me.

Sincerely,

Sanjay
