Good Morning,

This is in response to PDC Case Number **55723** regarding my failure to file the C-1 registration report.

This was an oversight on my part due to being appointed to the BISD school board and then very shortly after that needing to file to run for the position in the upcoming election.

Within two weeks of being appointed to the BISD school board as Director for District 5, I filed the financial report with the PDC and thought that I had completed all necessary steps with the PDC. My correspondence with the Kitsap County Auditor's office further muddled the waters for me as I thought that filing with the county was the main process to register as a candidate and I did not realize that I also needed to register as a candidate with the PDC.

My apologies for this oversight and I believe that I have now completed all PDC requirements in regards to my candidacy.

Thank You,

Mark D. Emerson
