Above information taken

from https://www.pdc.wa.gov/reports/contributions_download?filer_id=VERHS%20%20926&election_year=2019 on 8/5/2019.

PORTLAND WA does not exist in the State of Washington. It would appear that the person is actually in Portland, Oregon.

Incorrect address information implies contribution is made by a person who would be represented by the candidate. It appears that the contributor is not only outside the election district, but is outside the State of Washington.
