Tabitha Townsend,

I did file before August 30th, and recieved confirmation. I also received an email to confirm which I responded to. I can prove this if you can't confirm it on your end.

Tabitha Townsend,

No information was sent to me to make correction. I have no emails in both my personal or campaign email accounts.

My partner, Michael Christophersen, is saying he recieved a call for me on his cell phone. He had told me to check my emails which I did and I saw the confirmation email and responded.

That being said, I will log in again and see if I can make any corrections that your saying exist.

Tabitha Townsend,

I logged in and certified and submitted my report again and I found nothing was flagged to change.

On the phone you said I had not selected the correct year. (This is odd as the election for school board is in 2019 not 2020 so why would another year be a possible selection?). You also said someone had already made the correction which I assume would be an admin but as I said nothing was flagged on my report which is suspicious to have others change a candidates report without permission and no record of the change.

I am waiting now to receive an email verifying that I submitted my report.

Tabitha Townsend,

Thank you for confirming my report was received and processed.

Tabitha Townsend,

I logged into the PDC link you provided by email and followed and filled put the prompts. When completed I signed and certified before submitting.

Is there some other place I need to log into to fill out that statement?

Tabitha Townsend,

I amended C1. It was difficult logging in and also saving changes. It looked like it finally worked.

I can not log in to fill out F1. It does not recognize my campaign or personal email address.

Tabitha Townsend,

I submitted the F-I report.

I was trying to fill this out on my mobile phone yesterday because I was not home and the site does not work well on mobile.
