

**Complaint Description**

Ellis.I.christen (Tue, 10 Sep 2019 at 10:07 AM)

Multiple violations of RCW 42,17A,005(36). Multiple members (see attached screen shots) of the democrat party and it's central committee are using facebook to run a mudslinging slander campaign against conservative candidates, creating e-flyers with no sponsor info or proper language stating that the opposing candidate did not support/authorize the ads. Additionally, no candidate is claiming them as an in kind contribution. Several of the enclosed flyers also violate the false political advertising rules on your website.

**What impact does the alleged violation(s) have on the public?**

Does not abide by PDC accountability rules and misleads public with false information.

**List of attached evidence or contact information where evidence may be found.**

Screen shots and actual pictures of the ads.

**List of potential witnesses with contact information to reach them.**

They are publicly posted, so pretty much all of Facebook.

**Complaint Certification:**

I certify (or declare) under penalty of perjury under the laws of the State of Washington that information provided with this complaint is true and correct to the best of my knowledge and belief.

# How much is Spencer paying to advertise for his campaign?

## WE DON'T KNOW BECAUSE HE HASN'T REPORTED

Candidates accepting over \$5,000 are REQUIRED to file C-4 Expense Reports with the Public Disclosure Commission

**C-4s Engagement - Spencer Breakdown**  
Spencer: "Candidates have been reluctant to file the statements for nearly half the district, which is a problem. When you consider the fact that we've got a lot of money out there and people are not getting the information they need to make an informed decision, it's a problem. We need to get this information out there so that people can make an informed decision. We need to get this information out there so that people can make an informed decision. We need to get this information out there so that people can make an informed decision."

They do not ask citizens first, before making foolish decisions... Remember cutting the library budget by 50%... Public was not impressed
