Thank you for notifying me of the complaint from Glen Morgan - PDC Complaint # **58089**

I would like to know the best way to reply.

Bottomline, I bought fuel for a 1994 Ford Pickup Truck that I have used in many parades and to mount 4x8' signs on property all over Whatcom County.

I bought 250 yard signs and 25 4x8' signs from the Victory Sign company, and along with that came a free small banner and magnetic car signs..

I bought business cards and flyers as my print purchase that are my only handouts promoting my campaign.

And I did not declare the debt to Bank of America, for that was a credit card debt in my mind; and it did not occur to me that when it changed form from being a debt to being a judgement, that it would require it to be filed in the campaign documents. It was a mistake, and I apologize for not knowing this.

So what do I have to do to reply or repair whatever damage I have caused?

Thank you,

Joy Gilfilen
