I realized I may have not explained the violations well enough.

- 1) MCAC registered for an election that took place in 2018, but did not file any contribution or expenditure reports.
- 2) They are actively involved in supporting a 2019 measure and have not registered.
- 3) I have now received a large post card mailer from them - adding to the evidence available.

Feel free to call in you have any questions.

If approved November 5, the Supplemental Enrichment Levy will raise an estimated \$7.1 million in 2020 and \$7.5 million in 2021. Yet it will cost the average taxpayer only \$20 a month (based on \$240,000 assessed value). And Mead School District will still have one of the lowest levy rates in over 15 years.
