Regarding file #58102: We have fixed the two items reported in the complaint and filed amended C4 reports for May 31, 2019 and July 31, 2019. There was no intent to conceal any information. The lack of detail on the expenditures was due to the reporting staff not understanding the level of detail required. The receipt for the filing fee was not initially provided to the reporting staff, but it has been reported now. We are working to maintain good communications to prevent such omissions in the future.
