Hello, thanks for writing me.

I made a mistake and missed a PDC (Public Disclosure Commission) campaign finance c(4) "campaign expense" deadline by one week. I apologize.

It's totally my fault alone and when I realized my error I corrected the mistake immediately. I was one week late.

As it turns out, I had initially set up an incorrect c(4) "reporting period" (I had erroneously chose "Participates in the Primary Ballot" and not "Participates in General Ballot Only" which I should have chosen) which caused me to miss a deadline. I apologize and the reporting periods have since been updated. My reports are current.

I will do better to be sure that I don't miss a deadline.

Thank you.
