

Complaint Description
I have requested to review the campaign financial records to determine the validity of reports they are incomplete or in excess of mini-reporting restrictions. My request has gone unanswered.
What impact does the alleged violation(s) have on the public?
Candidate has filed a mini-reporting campaign, which reduces reporting requirements in exchange for restrictions on the amount which can be spent and raised. I have been brought information which would suggest these thresholds have been violated by the candidate, but I am unable to confirm as my request to review the financial book of the campaign has been ignored. This serves to potentially conceal unlawful contributions and expenditure from the public.
List of attached evidence or contact information where evidence may be found.
1. E-mail request to review campaign financial records.
List of potential witnesses with contact information to reach them.
Complaint Certification:
I certify (or declare) under penalty of perjury under the laws of the State of Washington that information provided with this complaint is true and correct to the best of my knowledge and belief.
