Hello,

The C-4 reports have been filed online tonight. The first C-4 report was sent by mail because the ORCA software was not working properly for me. It evidently wasn't received or posted by the PDC because when I went to file the report for the period just ended, the first report that I mailed wasn't showing up in ORCA. So, I filed both reports online tonight.

The campaign has not solicited nor collected any monetary contributions. The in-kind donations were reported on the first C-4 (the one that was first mailed and then filed online tonight) and my out-of-pocket expenditure for newspaper advertising has been reported on the C-4 for the reporting period ended 10/28/19 that was also filed online tonight.

The campaign did not solicit any in-kind donation for a mailer from the North County Local Firefighters Union.

I was able to use the ORCA software to file the reports tonight. Please let me know if there is another report that needs to be filed.

Thank you,

Jeff Sinker
