

Complaint Description

[Phillip Tavel](#) (Mon, 28 Oct 2019 at 5:27 PM)

The mailer that my opponent sent to tens of thousands of people in District 1 (Seattle), is fraudulent and designed to hurt my candidacy. I have never had the State of Washington shut down a business of mine and the way that she portrays that in the mailer is utterly false and misleading. All of the information that I have included in this complaint and attached hereto is true and complete, to the best of my knowledge.

What impact does the alleged violation(s) have on the public?

The Respondent sent out a political campaign ad that states I had "12 businesses shut down by the State of Washington" and "failed businesses, stiffed contractor, unpaid fines, bounced check and tax liens." The impact of these allegations is specifically stated as "Can we trust you {phil tavel} to manage public money." She is calling into question my being trustworthy and capable of managing money and the impact is a loss of confidence in my ability to carry out the responsibilities of the position I am running for.

List of attached evidence or contact information where evidence may be found.

I have attached the certificates of dissolution to 9 of the LLCs I was listed as a governor or agent on, and the one LLC that Lisa Herbold had. I have also attached a more detailed description of the violated sections of the RCW and why I believe they are in fact violations. I can provide any additional information the PDC may need regarding any of these claims.
