Hi Tabitha,

We have amended our reports to include our mailer expense - I apologize for the delay on this. I believe all our filings should be up to date now.

In response to the claims regarding our photos and videos: our campaign has never used a professional photographer or videographer. While I am glad Mr. Morgan appreciates the quality of our materials, all of our photos and videos have been produced by skilled amateur hobbyists who volunteered for this campaign. One of the photos he included in question was actually a selfie I took at a hair salon (I have attached another photo in the salon where you can see the backdrop from the other photo hanging next to a shelf of hair care products as evidence to demonstrate this was not a studio-made portrait). We include a disclaimer in our videos that they were produced through volunteer labor to try to ensure transparency, as no expenses were put forth to create them.

I hope this helps address any concerns. Please let me know if you have any further questions.

Thank you,

Cydney Moore
