Ms. Blacksmith,

I would concede the flyer does not and should have the same sponsor information as the mailer. It was an oversight on my part.

I am unsure of Mr. Grey's polling technique but I sent the mailer to 3662 addresses at a total cost of \$4725.72. Total registered voters for Lake Stevens 20,397. Please see attached invoice.

I hope this answers your questions. Please contact with with any additional information you require and how you would like to proceed.
