A new set of amended C4s was submitted on 12th, is there additional materials that you believe are not addressed by these amendments? Let me know at your convenience, thank you.

The campaign advises me that there is no other detail to be had. Since twitter, by policy, does not sell ads to political campaigns they do not retain analytic information. Each ad the campaign put up was taken down (some sooner and some later). No other detail exists.

The amended C4s already submitted have provided all the information available.
