Mx. Fox,

Attached are the only interactions I have ever had with anyone in regards to the use of "for" on my Facebook Page, and it was Mr. Jim Johnson. I have never spoken with Mr. Dave Kimble in regards to this matter, ever. His assertion that he has multiple times is patently false. I updated to remove the title of the page, when questioned, and I believe I am in compliance with my page.

Eric - I think PDC and State Auditor says elected folks should not be promoting election for themselves on website or facebook and the citation of your school email address is not so good either. Perhaps taking out the 'for' SK School Board would keep you safe. Just a friendly suggestion. I just posted this letter I saw online in Kitsap Daily. Have you seen it?

I will see how to remove the artifact "for" from the title. Thanks,

That is really all it is, Eric. Take care.

That is the Facebook Page address,
not Twitter.

Whatever you feel comfortable
with. Not sure how PDC would
view.
