Mx. Fox,

Attached are the only interactions I have ever had with anyone in regards to the use of "for" on my Facebook Page, and it was Mr. Jim Johnson. I have never spoken with Mr. Dave Kimble in regards to this matter, ever. His assertion that he has multiple times is patently false. I updated to remove the title of the page, when questioned, and I believe I am in compliance with my page.

V/r

Eric Gattenby
