Norm Smith your goal is to try and discredit a candidate by baiting them unjustly to serve your purpose to try and turn others away from that candidate and hopefully get them to vote for your agenda. Shame on you.

Posters or other objects (birdhouses, flags and even basketball nets) can be dangerous obstacles. Also, the nails and tacks left behind from signs can snag utility workers' boots or puncture safety clothing, putting line workers at risk to slipping or even electrocution. In addition to being hazardous, tampering with utility poles can be costly. Posting signs or attaching other objects to utility poles is illegal and can result in a misdemeanor.

PLEASE KEEP SIGNS OFF UTILITY POLES

It may seem innocent enough, but putting garage sale signs, business advertisements, birthday party balloons, lost pet posters or other items on utility poles creates serious safety hazards. Staples, nails and tacks used to hang signs, as well as the signs themselves, pose dangers to your PUD line workers who must climb poles when restoring power or while performing routine maintenance to ensure system reliability.

I know that we are not supposed to write about political information on CANSS, but the Newport Miner has included CANSS in Devins write up. I would also like everyone to take note that John Gentle from FANSS was made to look like a completely different person than he is.

The Newport Miner did a great job of hacking up Devin's press release. They excluded that he is a local business owner and all of his

A candidate for public office in Pend Oreille County is promoting conspiracy theories on their personal Social Media.

- Bill Gates is responsible for Corona Virus.
- He brought it back from China on his private jet in November.
- He's spreading it to his neighbors in Kirkland to kill off the weak and elderly.
- When the property values drop, Gates will buy the rest of Lake Washington in Kirkland.

Screenshots have been saved.

I'm not identifying this individual. Figure it out for yourselves.

We'll discuss this more before the August Primary.

It won't be an issue in the General Election.

I've created a new Facebook group to focus on political candidates and issues specific to Pend Oreille County: The Pend Oreille Political Circus.

I believe this is a crucial time. Those we elect to public offices will determine the County's future for years to come.

The single most important non-candidate issue confronting us is the 2020 Comprehensive Plan. Whatever we as a County create will either guide us or handcuff us for, perhaps, the next decade.
