Public Disclosure Commission
PO Box 40908
Olympia, WA 98504

Dear Public Disclosure Commission –

Thank you for the opportunity to respond to another complaint by Glen Morgan (#72721). Please see my responses to the claims below.

1. When Argo Strategies clients sign with us, we offer to them, included in the cost of our services, free use of our PO Box. We have cleared this with the Public Disclosure Commission several times over the years and the advice we've received is that if this is something that is offered to every Argo client (it is) then it is not reportable. If the advice of the PDC has changed, please let us know so we can immediately remedy this to match updated PDC advice.
2. If the PDC requires us to list the specific consultant at Argo Strategies assigned to the race for 2021 (that hasn't yet been determined) we will amend the report. We planned to amend next year when that was assigned.
3. We have reported a debt to Argo Strategies for \$250 – that fee covers incidental reporting for our clients throughout the year. There wouldn't be an additional expense incurred and no reporting of an additional debt to Argo would be required. Those small handful of reports would be included in that final \$250 debt owed to us. If transactions exceeded a certain level, we would incur another \$250 debt but we have not reached that threshold yet.

Thank you for your time and attention to this. We would appreciate your dismissing this complaint as we believe it is baseless and doesn't not contain any actual violations of law.

Sincerely,

Jason Bennett, Treasurer
Friends of Krystal Marx
