To whom it may concern,

It has come to my attention that Omari Tahir-Garrett, a candidate for Washington State Governor's office has violated Washington State's campaign finance laws (**RCW 42.17A**). The details of these violations are as follows:

**1) Failure to file a Statement of Organization for this candidate's political committee. Attempt to conceal all information about this campaign from the public (Violation of RCW 42.17A.205)**

Omari Tahir-Garrett has failed to complete or even attempt to complete a statement of organization and file it with the Public Disclosure Commission as clearly required by **RCW 42.17A.205(1)**. This candidate is fully aware of this requirement and capable of complying with this law as evidenced by the fact this candidate has done so in the recent past when they filed a C-1 (see attached) for their 2015 failed campaign for the Seattle City Council. This candidate has just chosen to flout and ignore the law this time around. It is possible, based on this candidate's voter's guide statement and admitted residency in the City of Seattle (attached via screen capture from the Secretary of State website), that the Seattle lawlessness which has produced the violence of the Capital Hill Autonomous Zone (CHAZ), renamed the Capital Hill Occupied Protest (CHOP) has influenced this candidate into believing that no laws are to be followed anywhere else in the State of Washington any longer. So, why bother following campaign finance laws either?

This may not be an irrational position for this candidate to hold at this time as people are being murdered with impunity in Seattle's CHAZ/CHOP zone, but since this complaint applies to Washington State's campaign finance laws (as opposed to Seattle's laws), the rule of law still theoretically applies in this case, at least a little bit, sorta.

**2) Failure to identify a campaign treasurer, possible attempt to conceal the identity of this candidate's treasurer (Violation of RCW 42.17A.210)**

In addition to concealing all information about this political campaign and committee from the public by not filing a statement of organization, this candidate has failed to identify a treasurer for this campaign, which is a clear and unambiguous violation of **RCW 42.17A.210**

**3). Failure to identify a campaign depository, possible attempt to conceal the campaign depository from the public (Violation of RCW 42.17A.215)**

In addition to concealing all information about this political campaign and committee from the public by not filing a statement of organization, and failing to identify a treasurer, this candidate has also willfully

chosen to fail to identify a campaign depository for this political campaign, which is a clear and unambiguous violation of **RCW 42.17A.215**

**4). Failure to maintain campaign records or provide contact information for a treasurer to enable campaign books and accounts to be inspected (Violation of RCW 42.17A.235(6))**

As a result of this candidate's failure to comply with **RCW 42.17A.205**, this also ensures this campaign is in clear and unambiguous violation of **RCW 42.17A.235(6)** which requires all political campaigns provide their treasurer's contact information so that public inspection of their campaign books can be made. This is another clear and unambiguous violation of Washington State's campaign finance laws and part of a pattern of behavior with this campaign to ignore the statute and presume the laws do not apply to them.

**5) Failure to provide a financial affairs statement to the Public Disclosure Commission, possible attempt to conceal embarrassing corporate employment or other sources of state-wide political candidate funding (Violation of RCW 42.17A.700(2), and RCW 42.17A.710)**

This candidate has failed to file a completed Financial Affairs Statement (F-1) form with the PDC. Again, as proven by this candidate's previous experience and efforts to comply with the state's campaign finance laws during this candidate's failed 2015 Seattle City Council campaign, it is clear the candidate knows that the law exists and has demonstrated at least a rudimentary effort to comply in the past. This candidate has just decided to ignore and flout the law this time around.

I will point out that the PDC has for many years provided helpful reminder emails to candidates to provide these documents and help them comply, but this candidate has clearly decided to ignore the law this time around.

It should also be recognized that this candidate may be attempting to conceal sources of illegal funding or embarrassing corporate employment from the public which would indicate this candidate has chosen to willfully conceal this information from the public for nefarious and very questionable justifications. If this proves to be the case here, this candidate could also be sanctioned under **RCW 42.17A.750 (2)(a)**, which could lead to criminal or civil prosecution.

Please let me know if you need any additional information or evidence to support these very clear and obvious violations of Washington State's campaign finance laws by this political candidate.

Best Regards,

Glen Morgan

**What impact does the alleged violation(s) have on the public?**

When a secretive, dark money candidate attempts to run for state-wide public office, the public has a right to know who they are. This candidate is attempting to conceal all details of their secretive, dark money (possible corporate?) funding concealed from the public. The public has a right to know. Just because CHAZ/CHOP in Seattle has gone full lawless and violent in Seattle doesn't mean that EVERY law is to be ignored and flouted, even by people

like this candidate from Seattle. Was this candidate paid to attack, defame, and make racist remarks about a US Supreme Court Justice in their voter's guide statement? Who knows, because they have attempted to illegally conceal this information from the public.

**List of attached evidence or contact information where evidence may be found**

see attached

**List of potential witnesses with contact information to reach them**

Beyond the candidate, their treasurer should be contacted

I am running as a spokesperson for the anti-apartheid / reparations-now movement. My issues and solutions:

- 1) Raise awareness that Washington State is Native American land, and should be returned. Colonialism is no longer acceptable.
- 2) The current Governor's biggest mistake is turning Seattle's SVI

1) Raise awareness that Washington State is Native American land, and should be returned. Colonialism is no longer acceptable.

2) The current Governor's biggest mistake is turning Seattle's SVI building over to proven historical Negro vampire criminals. This is unconstitutional, and will be opposed in the courts and on the street.

3) Reparations must be paid to "Africatown" to repair / correct the cultural and economic damage done to the refugees from European colonial settler terrorism / slavery. 4) End the ethnic cleansing / "gentrification" of blacks out of Seattle's historic central area and Tacoma's historic hilltop (aka Africatown).

5) Remove the names / images of the "North-American Hitlers", Washington / Jefferson, those mass murderers of Native American "Indians" and "owners" of hundreds of "slaves". 6) Stop schools from teaching any children that Washington and Jefferson ("Indian" killers / slavers) were champions of "freedom, justice, equality and democracy" when they were in fact brutal "terrorists".

7) End homelessness by providing land, materials / expertise for

“Indians” and “owners” of hundreds of “slaves”. 6) Stop schools from teaching any children that Washington and Jefferson (“Indian” killers / slavers) were champions of “freedom, justice, equality and democracy” when they were in fact brutal “terrorists”.

7) End homelessness by providing land, materials / expertise for homeless to build their own mortgage-free housing. (have you ever seen a homeless bird?) 8) Limit “police” to 5-year terms—in which they must complete teacher’s certificate qualifications and then teach for 5 years before returning to law enforcement—to prevent PTSD and *stop criminals* hiding behind government issued badges / guns.

9) Our state must form its own bank to finance ending homelessness through sweat equity. 10) Since race is arbitrarily based on “skin color”, redefine “race” based on hair color, which is much easier to change—especially for “white minded” integrated Negroes like Court Justice “Uncle” Clarence Thomas.
