Hi Jennifer,

I apologize for the delay in filing. This being my first time being elected, I wasn't aware I needed to file an F1 on a yearly basis once in office. I filed the F1 last night, and will be sure to do so in a timely fashion in the future. I greatly appreciate the help and patience from your department while I navigate around this learning curve. Please let me know if there is anything else you need from my end.

Thank you sincerely.

Cydney Moore
