Subject: PDC - Beauvais, Connie: Alleged violation of RCW 42.17A.405 by accepting over-limit contribution from an affiliated entity. (EY '20; Jul '20)

Thank you for the courtesy of an extension.

My client was unaware of any potential of the two contributions being affiliated when she received them. Her run for Senate is the first time she has dealt with political committee donations to a campaign. Upon learning of a potential issue of affiliation of the two contributions her campaign has returned the contribution from WA Forward. I believe this addresses the complaint in full but please advise if you require additional information.

Thank you.

Best,
