Subject: Violation of RCW 42.17A.405 for accepting over limit contributions (EY20, July20)

Please consider this the response of Senators O'Ban, Muzzall, Wilson and Rep. Gildon to the identical complaints under RCW 42.17A.405.

None of the campaigns were aware that WA Forward arguably shares a contribution limit with the Leadership Council. Upon learning that this affiliation might be an issue they promptly returned the contribution to WA Forward. The contributions from the Leadership Council are not over limit because the contributions from WA Forward were all returned.

I believe this addresses the matter but please advise if you require additional information or detail.
