Tabitha:

Thank you for taking the time to speak to me and clarify the matters involved in PDC Case Numbers 74699 and 74700.

For ease of discussion, I am going to combine my response for accuracy.

As I mentioned to you on the phone, the political committee known as Community Progress (MC2) is not currently active in 2020 campaigns. As a result, the part of the complaint referring to it is factually inaccurate and moot.

I understood your comment about the C1 filing for Evergreen Progress (MC2) and have amended the C1 for the political committee filed this year to eliminate any future possibility for confusion.

The expenditure for the referenced mailing in the complaint was properly, and timely, reported to the PDC and voters electronically in the 7-Day Out C4 Report filed by Evergreen Progress (MC2) (in estimate) and fully in the C6 report filed on July 31st (Report #10142 later amended by 10143). It will also be fully detailed in the post-primary C4 Report due next month.

As always, our intent is to provide both the PDC and the public at large with complete information as required by the letter of the law & various regulations -- and its spirit as well.

Thank you for allowing me to answer this matter and I trust that the details provided will allow for a quick resolution of PDC Case Numbers 74699 and 74700 with a prompt dismissal of the complaint.

I hope you have a great Friday and wonderful weekend.
