

Re: Mike Conrad

Dear Mr. Agina:

Thank you for the conversation and direction this morning, I will take care of the infraction asap.

The oversight is totally on me, I overlooked the final C4 while working on 2 other campaigns. After the primary, there was no further activity and the ad mentioned in the complaint was paid for by me personally and should have been reported as a contribution.

I will file the final C4 to make sure the campaign is current and should you have further questions, please don't hesitate to call.
