Dear Public Disclosure Commission:

Thank you for the opportunity to respond to the complaint filed by Glen Morgan on 10/19/20.

Argo Strategies, the treasurers for the People for Carrie Hesch campaign received an invoice for \$50,000 from Cerillion N4 Partners (invoice #1568) for the Comcast cable buy on 9/30/2020 and properly reported it on our Oct 12 C4 report. Then on October 15th we received another invoice (Invoice #1597) for \$65,000 for a Comcast cable buy. It was our understanding at the time that the 2nd invoice was accrued as a debt/promise to pay by the campaign on October 15th, not earlier, which is why it wasn't reported with the other debts and obligations for that reporting period.

It appears that Cerillion did reserve space in the amount Mr. Morgan details for Carrie Hesch's campaign but did not greenlight the extra buy/purchase until it was clear that fundraising would cover the amount they reserved, which was after the reporting period ended on Oct 12th. We would be happy to amend the previous reports to include the total reservation, even though it was not a promise to pay by the People for Carrie Hesch campaign. If that is what the PDC would like, please let me know and we can amend the report immediately.

We take special care to ensure accurate and timely reporting of each of our clients' debts/obligations as you can see from our reporting for this client. There would never be a purposeful or willful concealment of expenditures, as Mr. Morgan accuses in his complaint.

Thank you for the opportunity to share our explanation,

Sincerely,

Jason Bennett, Treasurer
People for Carrie Hesch
