Subject: PDC - PDC - Little, Matthew (2): Alleged Violation of RCW 42.17A.405 for accepting over limit contributions (EY20, Nov20)

PDC Case Number 79713

Thank you for the opportunity to respond to the allegations made by Glen Morgan.

Listed below are referenced laws with titles for clarity of the accusations.

RCW 42.17A.405 – Limits specified - Exemptions

The Little Campaign has reviewed the 2nd complaint from Glen Morgan that was submitted to your office on October 29, 2020. We appreciate the opportunity to respond.

This complaint appears to be addressed to the wrong party. As the Independent Expenditure in question was made by Clark County is Not For Sale with no communications to our campaign, we had no obligation to report donations or expenditures involved. The donor mentioned did make contributions to our campaign, but we accept no responsibility for what other contributions were made by that individual.

We ask that this complaint be dismissed as inappropriately filed against Matt Little for Clark County.

Thank you for your review and consideration.

Treasurer,
