

To: "PDC Support" <pdcc@pdcc.wa.gov>

Good Morning

In response to the Complaint filed against me :

I was not aware that my reports had not been filing. I only discovered this error when the Newspaper published an article and I saw it did not list my campaign donations correctly. I then went in and attempted to correct those reports but was not able to do so without assistance . I contacted the PDC and Ladelle Fuquay assisted me in correcting the data report issues that had kept my reports from filing. We discovered that I needed to impute a registered voter count to ORCA in order for my Republican Party Donation to be accepted. She also assisted me in making some date corrections so that my reports correctly reflect expenditures. My reports now correctly show that I purchased ads at the Newspaper and Radio station in October only. I only purchased ads in one newspaper and on one radio station. There was no exclusive ad from KOMW. The KOMW Open line is a program that all candidates may attend one time for free. My website is running for free and was designed by my teenage daughter for free so there are no website fees.

This was my first time campaigning so the PDC reports were a sharp learning curb. I believe I have learned alot. Thanks again to Ladelle for helping me resolve these issues.

Please reach out to me if you have further questions.

Sincerely,

Shauna Beeman
