# RECALL

SHERIFF JERRY  
**HATCHER**

Deputies became aware of unethical and illegal acts committed by Benton County Sheriff Jerry Hatcher. A recall petition was filed and a Superior Court Judge and the Washington State Supreme Court found that the following eight charges were legally and factually sufficient.

Illegally appropriated for his own use 14 cases of ammunition belonging to Benton County.

Illegally tampered with physical evidence by directing the distribution of ammunition that was potential evidence of his own alleged unlawful acts.

Interfered in an investigation into his conduct by acting to prevent witnesses from being interviewed.

Violated county anti-discrimination policy by hindering an investigation into his conduct and retaliating against the complainant and witnesses to the investigation.

Illegally intimidated public servants and witnesses in investigations into his conduct by raising false allegations of impropriety and threatening witnesses' jobs.

Illegally made false or misleading statements to law enforcement and the court regarding the number of firearms he needed to surrender pursuant to a court order.

Illegally made false or misleading statements to public servants claiming that he had initiated a criminal investigation into his own conduct when he had not.

Falsified a public record by placing a false date on an investigation request.
