

Apr 6 2021

I am responding to complaint number 84416. I acknowledge that I have been late on 7 occasions over the last 3 election cycles (see table below). The violations were unintentional and did not occur on a regular basis. The 10/18/2016 report was late due to a computer error and I submitted an email to that effect. I thought the 09/10/19 report was submitted, but did not realize until two weeks later that it did not get fully processed. I missed the 12/28/20 report when I was recovering from an illness.

Please let me know how to proceed.

Sincerely,

Mike Volz
