Good morning,

My name is Christina Blocker and I recently became aware that I had a penalty for not submitting my F1 documents for the 2020. It looks as if all PDC correspondence has been accidentally going to my spam folder and I just became aware of the emails that were being sent to me. I am currently in Sweden and will be on a plane during the time of my hearing. Would it be possible for me to have this hearing rescheduled? I have also just filed my 2020 F1.

I look forward to hearing to your response and deeply apologize for the not catching this correspondence earlier.

Warm regards,

Christina Blocker
