Ms Tabitha Townsend:

Thank you for allowing me to respond to Ms. Slovic's complaint. I've spoken with Candidate Bill McKay. He had absolutely no involvement in the formulation, development and airing of this political advertisement. He knew nothing about this advertisement so he could not report something he didn't know anything about. Yes, he did hear about the advertisement after its airing. He categorically was not consulted nor involved with this advertisement.

I also spoke with a member of the Board of Directors of We Want Accountability PAC. The PAC is governed by a Board of Directors. The Board plans, organizes, directs and controls the direction of the PAC without consulting or involving any candidates that the PAC supports or opposes. The PAC independently decides the direction and action chosen.

If we can further assist in clearing up this matter, please let us know.

Thank you.
