Hello Tabitha,

The truck was not parked with a campaign sign for 24 hours as the claimant declared. Not sure if the false statement would void the complaint entirely? Nonetheless, see my responses below in "blue".

Also, I am not sure if it is necessary but the owner of the Got Junk truck (Jeff Hill) wrote the following email.

It was a pleasure spending time with you on Friday 10/15/21. As you may recall we were able to discuss the campaign in person while we used one of my company trucks to hoist a campaign sign.

Please note that I donated approximately 2 hours that day in support of the campaign. I was able to use one of my trucks free of charge as it was decommissioned that day (We have a fleet of 35+ trucks and we were only using 10-12 trucks that day due to seasonality. Typically on those off days we park the trucks out in the community to promote our business, in fact I had permission from the landowner to do so that day. As you know I live in Maple Valley area so there was no additional cost or gas incurred.

Please let me know if you have any additional questions or I can provide any more detail.

END OF MESSAGE

This is my first time in the campaign process and the first complaint I have ever had to respond to. Please let me know if you have any questions whatsoever. See my responses to the questions below.

Sincerely,

Haley Pendergraft

Hello Haley Pendergraft,

The Public Disclosure Commission received a complaint from Anne Rose on October 19, 2021, which has been assigned PDC Case Number 100113. The Complaint alleges the following:

- Allegation: Violation of [RCW 42.17A.235](#) for failure to timely and accurately report [contributions](#) and/or [in-kind contributions](#) on C-3 reports

Please also respond to the following questions:

1. Please identify the date(s) and time(s) that your Campaign banner was displayed on the Got Junk truck(s). [10/15/21 for approximately 8 hours.](#)
2. Was the banner displayed on the Got Junk truck paid for by the Campaign or Got Junk, and was it displayed on trucks in any other locations? [The campaign bought the banner. It was not displayed on any other Got Junk trucks.](#)
3. What was the cost of the banner, and is the Campaign using the banner for other activities? [I don't know the exact cost of the banner, I believe it was around \\$100. Yes we try to make use of the banner in various ways.](#)
4. Were there any costs associated with creating the videos and who paid the costs for the videos? [There was no cost for the videos.](#)
5. Did your campaign pay to rent the Got Junk truck, or did the owner provide the truck at no cost? [The owner of Got Junk had permission to park the truck on the corner for the day. The Campaign benefited from the use of the truck, so you need to establish a fair market value for its use and either report that as a Campaign expenditure or in-kind contribution. The truck was to be parked in that location to help a local business owner promote business. The business venture had no loss of revenue due to the truck being out of service. The business owner benefitted from the marketing.](#)
