To: "Washington Public Disclosure Commission"

On behalf of the We Want Accountability PAC, I want to thank you for permitting the PAC the opportunity to respond to the allegation in this complaint. We certainly hope our response allays any concerns by the PDC or the complainant.

Also, we want Ladelle to know how much we appreciate her explaining the problem in layman's terms so we could understand the problem and provide the necessary response.

The 7 Day Pre-Primary C4 and the 7 Day Pre-General C-4 have been amended to list an expanded descriptive reason for each of the expenses. We hope this is satisfactory and meet the requirements by the PDC in its inquiry.

If we can be more of assistance or provide any other information, please let us know.

Thank you.
