Hi Jordan

I'm requesting a meeting with the PDC with regards to Silvia's repeated allegations please.

With regards to filing of a C6 form/s, I have already provided a detailed response on Monday of this week, regarding a separate alleged violation, and requested a discussion. I have shared the regulations that we have understood and followed, according to prior PDC consultations with Scott Haley.

In addition, Silvia is filing a complaint regarding disclosure of top five donors that does not align with the timing of donations and required submission of the advertisement copy. Meaning, At the point in time where we had to provide advertisement content to the publisher, we were 100% compliant with the known top five at that point in time. The timing of when they actually ran the ads versus additional funding coming through, is not a perfect match. However when printers go to print they require copy well in advance of the actual publish date. This would be common knowledge and Silvia's allegations are unfounded, unreasonable & harassment.

We continued to update in a very timely manner all top-five donors on our website. That website has since been taken down because it is no longer of relevance (it was purely to support the November 2021 General Election). The downloadable PDF and disclosure statement at the footer of every single page on the website were updated as soon as we were aware of any additional funding that warranted disclosure.

I would very much appreciate a conversation with the PDC to go through all of these things in detail.

Please advise of the first available opportunity. It would be tremendously helpful if we could also include Tabitha Townsend as she is processing a separate complaint from Sylvia Schultz as well, with duplicate allegations.

Many thanks
