I'm sorry, I filled out everything I thought I needed to fill out. I'm not sure what I'm doing wrong here. I'm just trying to get this over with. I don't know what the deal is they won, they got what they wanted.

Hey Mr. Stutzman,

First off, thank you for helping me get the all this sorted out along with Kimble. For the last few days I've tried to edit my F-1 report to make sure it's done correctly. I haven't been able to edit it and I keep getting the the same page (see attachment below). I wanted to make sure I stated that I have no ownership of property and my year to Date pay. I want to make sure that's noted. We are learning this as we go. Again thank you for your time. If there is anything else you need, please let me know.

God Bless

Justin Daniels
