I am writing this in response to your email to alert me that there was a complaint levied against me concerning a late submission of my PDC update after the 2022 election for my role as a Hospital Commissioner. I am sorry I was late but I was accustomed to being told by the Hospital staff when it was due. There has been a turnover in that position so I was unaware that if there was no money spent, I still needed to update my information. I am also a County Commissioner and had updated all of the information the prior year. This all led to a bit of confusion for me and now I am clear as to what my responsibilities are concerning PDC reporting. I will not make this mistake again.

Thank you
