

Hi, thanks for checking back in. I'm working on the C6 form now. I think I understand now that this is a completely separate form, containing the same info that Orca auto-fills to create C4s, but is not connected to Orca at all. I did not understand this correctly and this is why it was not filed. It will contain the exact same information as the already-filed C4s.

One nitpick about the complaint - this PAC was not formed to support for the four candidates named. It was formed to oppose the other candidates - Darla Green, Debi Wagner, Patty Janssen and Joel Manning. We did not make independent expenditures to the campaigns of Krystal Marx, Pedro Olguin, Jimmy Matta, and Nancy Tosta. All our expenditures went to production and postage of the mailer and robo-calls. The mailer was sent to likely Democratic voters in the Burien area to remind them to vote.
