Hello I will fill one out online tonight. Please see about dismissing any matter on this. I am running in 2024 for Governor, hope to have your vote. Thanks,

Edward Cale IV

Hello I just now received any and all emails. Perhaps the email filters have caused this issue. I am requesting the following:

If you need assistance filing your F-1 report, please reply to this message with a request to be assigned a Filer Assistance Specialist so that you receive timely and coordinated guidance.

I have this Monday available if your offices are not able to return email and phone calls as there was no response today and I will try back tomorrow.

Thank you.

Also I will need to change my email address as the email forwards or else this email filter has not been working properly on that. In any case, because your offices were able to find this email address and get a hold of me, we can make that public instead. I am 100% transparent regarding any contributions and I am willing to file an amended report as I am running this next election for all people.

I don't have any improper contributions occurring and I am willing to release information as requested.

Thank you,

Edward Cale IV

I investigated the issue with communications of edwardcale4washingtongovernor@gmail.com

And I found that my two step verification was not on, password was probably compromised, and though it all worked a year ago, someone hacked my forwarding preferences so they worked a year ago but not recently. I have turned two step on, changed my password to a highly secure password, so I hope this will all work now. Please continue to keep my info the same but test out that I can receive and reply to you and the public as that is my crucial goal as governor. Also, it is not yet the time for me and those working for my administration to do the work of all the IT, but that will occur in full swing if elected governor, make no mistake. Thank you for finding another way to reach me, I value that extensively and value your work against the evil of those trying to thwart the good that we all share in common. Please test that I can be reached at my candidacy email, that will change to a more official rebranding if I am elected with the proper team to manage such. Keep this email as my personal email, and emergency contact as I keep both separate private and personal but don't mind being contacted either way whenever someone needs such.

I will need someone to help with those F1 updates so please refer to my previous email and set up a time to complete such. Thank you,

Edward Cale IV
