South Whidbey Parks and Recreation District (SWPRD) has received over \$750,000 from the state legislature in 2022 and 2023 and is using these funds for the architectural and engineering design of the pool facility. SWPRD has retained Architecture Resource Collaborative (ARC) of Seattle to provide these services. The architectural rendering shown here is a result of the design effort to date. It is not a final design and is subject to change.
