

---

Hello,

Thank you very much for the hearing this afternoon, it was very informative.

I would like to address the complaint filed against me, case number 151273, about failing to file in a timely manner.

Once I received the letter from the PDC advising me about the complaint I immediately went online and completed my filing. I apologize, I was under the impression that if I had no money given to my campaign and no money spent on my campaign I did not need to file.

I will not make this mistake again, the rules are very clear to me now.

Dee Thompson
