To Whom it may concern,

In response to this complaint attached and listed below. Our response is as follows: the report filed on 5/6/2024 indicated that a \$100,000 deposit was made on 3/15 but this was simply a miscommunication internally, a contribution from the sponsoring entity of the dxwlalip leaders PAC was approved on that date but the deposit wasn't actually made until 6/5/2024. We have filed amended disclosures to correct this reporting error and will endeavor to continue efforts to report as accurately as possible.
