I have requested some bank statements. I do see that we started that campaign way closer to the amount we started 2024 with minus some bank no activity charges. I have no idea how I reported it incorrectly. I cannot fix without the records from the bank, so I will have to wait for that.

The email for the last campaign is no longer a contact as I have passed on the role of treasurer. So this will be the only email to contact me.

Also, I do not have access to the old OCRA software nor do I have that computer anymore, so I am going to need to request those files that show all the reporting for that 2018 campaign. Please send that request to whoever can help with that. It was obviously a mistake and the wrong amount was listed.

Thanks,
Jody Hodgson
